Runners at run4change

How can you make a real difference to people in need and less fortunate than ourselves?

- Register to take parts in the event at [run4change.virace.app](#)
- Before the event, find as many people willing to support you as possible: friends, relatives, neighbours, work colleagues, etc.
- Each supporter should agree to donate a certain amount for each 400m you jog or run, or simply to donate a lump sum (see form on page 2)
- Download the viRACE app, and decide where and when you wish to run (anytime between 8 – 25 April)
- On your chosen day, lace up your shoes, put on your headphones, and go out and enjoy yourself knowing you're collecting vital funds for a worthy cause!
- Once you've completed your run, collect the donations from your supporters and send them to Rotary Club Zurich International via one of the options highlighted on this link

Who can take part?

Everyone is welcome to sign up: joggers as well as marathon runners, children and teenagers, Nordic walkers or strollers. What counts is your participation and the financial support you raise!

Make a positive difference to children's lives:

DREAM is a project organized by the [Community of Sant'Egidio](#) which aims to eliminate the transmission of AIDS from mother to child. 100% of the proceeds from run4change 2021 will be used to provide vital medical care and nutrition for the DREAM Centre in Beira, Mozambique's second largest city, which was recently affected by a natural disaster.

Please join us and help support this very worthy cause. Every donation you raise goes directly to support DREAM with this project.

We look forward to your participation in run4change 2021 starting from 8 April!

Promoting Women

DREAM is particularly focused on women, because of the importance of their role in the community.

DREAM Project

Children free from AIDS

Eliminate the transmission of HIV from mother to child

Health & Baby Care

Children in Africa are still the segment of the population that has less access to care.

Prevention and treatment of HIV

DREAM started countering AIDS in Africa in 2002.
